

INTERNATIONAL DIABETIC LOWER EXTREMITY SYMPOSIUM

Venue: Arcadia Ballroom October 25-27, 2023

October 25	
09:00-09:15	Opening Ceremony
	Speech by Dr. Aristidis Veves Speech by Mr. Kevin Xu
Session 1 09:15-10:45	Clinical Aspects of the Diabetic Lower Extremity Chaired by Thanh Dinh
	 1. Tackling Pathways to Diabetic Foot Ulceration Solomon Tesfaye 2. New Guidelines for Diagnosing PAD in the Diabetic Foot Allen Hamdan 3. The Road to Limb Salvage: The Podiatrist's Role John Giurini Q&A
10:45-11:00	Break & Poster Visit
Session 2	Developing a Diabetic Foot Team Chaired by John Giurini
11:00-12:30	1. Surgical Treatment of the Ulcerated Foot Thanh Dinh 2. Revascularization Options for the Diabetic Foot - Endovascular Mark Wyers
	3. Diabetic Limb Salvage: The Plastic Surgery Perspective and Recent Advances in Microsurgical Reconstruction Arriyan Dowlatshahi Q&A
12:30-13:30	Lunch (Venue: Elements Restaurant)
Session 3 13:30-15:00	APEC Dialogue: Effective Burn and Chronic Wound Care Strategies Chaired by Allen Hamdan
	1. Regenerative Medicine in Burns: A Clinical Perspective Tina Palmieri
	2. Refinements in Lower Extremity Reconstruction: Super-microsurgery and the Role of Plastic Surgery in Amputations
	Arriyan Dowlatshahi 3. Revascularization Options for the Diabetic Foot - Open Surgery Mark Wyers Q&A
15:00-15:15	Break & Poster Visit
Session 4 15:15-16:45	Pathophysiology Chaired by Solomon Tesfaye
	 Molecular Mechanisms of Impaired Diabetic Wound Healing Marjana Tomic-Canic Biomaterial-based Delivery Systems to Accelerate Diabetic Wound Healing Jeffrey Davidson Omic Techniques: New Insights Aristidis Veves Q&A
18:00-20:30	Gala Dinner (Venue: Poolside by Elements Restaurant)

October 26	
Session 5 07:30-09:00	Management of Specific Diabetic Lower Extremity Problems Chaired by Arriyan Dowlatshahi
	Risk Factor Modification and Metabolic Health from Vascular Surgeon's Perspective Allen Hamdan
	2. Management of Charcot Disease Thanh Dinh
	3. Management of Painful Diabetic Neuropathy - New Concepts Solomon Tesfaye
	Q&A
09:00-09:10	Break and Poster Visit
Session 6 09:10-10:30	Current and Emerging Techniques Chaired by Thanh Dinh 1. From Pathonhysiology to New Treatments
	1. From Pathophysiology to New Treatments Aristidis Veves 2. Rongxiang Xu Keynote Lecture:
	The Multidisciplinary Approach to the Diabetic Foot: It Takes a Village John Giurini
	Q&A
10:30-10:45	Break and Poster Visit
10:45-12:15	Regenerative Medicine Symposium Chaired by Mahmoud Sakr (Sponsored by MEBO International)
	1. Improved Healing Time with Reduced Pain with a Regenerative Medicine Treatment on Burn and Surgical Wounds, an Observational Study
MEBC	Mar Florentino 2. Application of Regenerative Medical Technology in the Treatment of Diabetic Foot Ulcer
	Nurlan Maratov 3. Managing Chronic Wound in Low Resource Environment
	Ziad Dalloul Q&A
12:15-13:15	Lunch (Venue: Elements Restaurant)
October 27	
	October 27
Session 7	October 27 Innovative Methods for Wound Management Chaired by Allen Hamdan
Session 7 07:30-09:00	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers
	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology
	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds
	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu
	 Innovative Methods for Wound Management Chaired by Allen Hamdan Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen
07:30-09:00 09:00-09:10 Session 8	 Innovative Methods for Wound Management Chaired by Allen Hamdan Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A
07:30-09:00	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit
07:30-09:00 09:00-09:10 Session 8	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience
07:30-09:00 09:00-09:10 Session 8	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia
07:30-09:00 09:00-09:10 Session 8 09:10-10:40	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A
07:30-09:00 09:00-09:10 Session 8 09:10-10:40	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit
07:30-09:00 09:00-09:10 Session 8 09:10-10:40 10:40-10:50 Session 9	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit Recent Advances in the Management of Chronic Wounds Chaired by Jonh Giurini
07:30-09:00 09:00-09:10 Session 8 09:10-10:40	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit Recent Advances in the Management of Chronic Wounds Chaired by Jonh Giurini 1. Treatment of Diabetic Foot Ulcer Caused by Type II Diabetic Neuropathy Bulgan Selenge
07:30-09:00 09:00-09:10 Session 8 09:10-10:40 10:40-10:50 Session 9	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit Recent Advances in the Management of Chronic Wounds Chaired by Jonh Giurini 1. Treatment of Diabetic Foot Ulcer Caused by Type II Diabetic Neuropathy Bulgan Selenge 2. Antibacterial Effect in Chronic Wound Treatment with Natural Ingredients Sitha Christine
07:30-09:00 09:00-09:10 Session 8 09:10-10:40 10:40-10:50 Session 9	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit Recent Advances in the Management of Chronic Wounds Chaired by Jonh Giurini 1. Treatment of Diabetic Foot Ulcer Caused by Type II Diabetic Neuropathy Bulgan Selenge 2. Antibacterial Effect in Chronic Wound Treatment with Natural Ingredients Sitha Christine 3. Recent Updates in the Management of Diabetic Foot Ulcers Athar Khan
07:30-09:00 09:00-09:10 Session 8 09:10-10:40 10:40-10:50 Session 9	Innovative Methods for Wound Management Chaired by Allen Hamdan 1. Role of Hyperbaric Oxygen Therapy in the Management of Diabetic Foot Ulcers Mahmoud Sakr 2. Innovative Management of Diabetic Foot Ulcer by Wound Regenerative Medical Technology Xusheng Liu 3. Using Negative Pressure Wound Therapy for Difficult Wounds Lee Chin Yen Q&A Break and Poster Visit Global Experience in Wound Management Chaired by Arriyan Dowlatshahi 1. Wound Management in Local Setting: Philippine Experience Laurence Tan Loh 2. The Current Wound Management in the Middle East Ghassan Awar 3. Update DFU Gangrene Treatment at Surabaya Hospital Indonesia Sugeng Pujiono Q&A Break and Poster Visit Recent Advances in the Management of Chronic Wounds Chaired by Jonh Giurini 1. Treatment of Diabetic Foot Ulcer Caused by Type II Diabetic Neuropathy Bulgan Selenge 2. Antibacterial Effect in Chronic Wound Treatment with Natural Ingredients Sitha Christine 3. Recent Updates in the Management of Diabetic Foot Ulcers
